Summary

Mobile Application Team Lead and React Native Developer with 4+ years of experience building high-performance Android and iOS apps. Expert in React Native, Redux, JavaScript, TypeScript, and RESTful APIs, with strong skills in scalable architecture, performance optimization, and state management. Proven leader delivering user-focused mobile solutions in Agile environments.

EDUCATION

Aravali College of Engineering And Management (ACEM), Faridabad   **2018 − 2022**
B.Tech - Computer Science and Engineering - ***CGPA*** *-* ***7.9***   *Faridabad, Haryana*

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, HTML5, CSS3, Python, C Programming
Frameworks Libraries: React.js, React Native, Redux, Redux Toolkit, Context API, React Native Third-Party Libraries
Backend Databases: Node.js, MongoDB, RESTful APIs, GraphQL
Developer Tools: Git, GitHub, GitLab, Postman
Design Tools: Figma, Adobe XD
Mobile Platforms: Android, iOS
IDEs Environments: Visual Studio Code (VS Code), Android Studio, Xcode
Other: CI/CD, Agile/Scrum, MVC Architecture

EXPERIENCE

CloudPeak Technologies Pvt. Ltd ↗   **November 2023 - Present**
Role - Mobile Application Team Lead   *Pune, Maharashtra*

- Led end-to-end development of scalable React Native mobile applications using Redux and modern architecture patterns.
- Developed and optimized the Quick Hub mobile application, improving performance and cross-platform UI consistency.
- Integrated and maintained RESTful APIs and GraphQL APIs for efficient data fetching and synchronization.
- Implemented secure authentication, authorization, and data handling best practices.
- Enhanced application state management using Redux, Redux Toolkit, and Context API.
- Collaborated with UI/UX designers and backend engineers to deliver scalable, maintainable, and high-performance features.
- Conducted code reviews, technical mentoring, and ensured adherence to coding standards and best practices.

Dev Technosys Pvt. Ltd ↗   **March 2023 - November 2023**
Role - React Native Developer   *Jaipur, Rajasthan*

- Built and maintained production mobile applications including CoffeeHub, QLaundry, Grocery App, and HomeSherpa using React Native.
- Published Android and iOS production builds and managed release processes.
- Contributed to CI/CD pipeline optimization to automate build and deployment workflows.
- Debugged and refactored codebases to improve app stability, performance, and crash reduction.
- Optimized app loading time and memory usage across multiple devices.

Flitwebs Pvt. Ltd ↗   **August 2022 - March 2023**
Role - React Native Developer   *Jaipur, Rajasthan*

- Developed the Flitpay mobile application using React Native, focusing on responsive UI/UX and performance optimization.
- Built modular, reusable component architecture to improve code scalability and maintainability.
- Conducted code reviews and enforced coding standards to ensure high-quality, clean code.
- Optimized build size and runtime performance across Android and iOS platforms.

PROJECTS

Quick Hub: Automate Marketing ⧉ | <u>React Native</u>   **November 2023 - Present**
- Led development of the Quick Hub mobile app using React Native, Redux Toolkit, REST APIs, and GraphQL, delivering scalable cross-platform features and improved app stability.
- Implemented secure authentication and optimized state management with Redux/Context API, improving UI/UX consistency and screen load performance.
- Designed and optimized CI/CD pipelines using GitHub/GitLab workflows to automate build, testing, and deployment processes, reducing manual release effort and improving release reliability.
- Debugged and refactored legacy code, optimized rendering performance, and reduced crash rates by applying best practices in component architecture and memory management.

Grocery Vendor ⧉ | <u>React Native</u>   **March 2023 - May 2023**
- Developed and delivered a Grocery Vendor mobile application using React Native, implementing responsive UI components and integrating RESTful APIs, resulting in smooth product management and order processing workflows.
- Published production-ready builds for Android and iOS, optimized API performance and app stability, and improved load time and user experience across multiple devices.

HonestSherpa ⧉ | <u>React Native</u>   **Jne 2023 - July 2023**
- Developed and launched the HonestSherpa rental mobile application using React Native, implementing responsive UI components and integrating RESTful APIs to enable seamless property listing, booking, and user management workflows.
- Published production-ready Android and iOS builds, optimized API performance and app stability, and improved application responsiveness and user experience across multiple devices.

CoffeHub ⧉ | <u>React Native</u>   **July 2023- November 2023**
- Developed and launched the CoffeeHub restaurant mobile application using React Native, implementing responsive UI components and integrating RESTful APIs to enable menu browsing, cart management, and real-time order tracking.
- Published production-ready Android and iOS builds, optimized API performance and app stability, and improved app load times and overall user experience across multiple devices.

Flitpay ⧉ | <u>React Native</u>   **July 2023- November 2023**
- Developed Flitpay crypto trading mobile app using React Native, delivering high-performance, responsive UI for real-time trading.
- Integrated GraphQL APIs with Apollo Client for live market data, portfolio management, and low-latency transactions.
- Implemented secure authentication and encrypted data flows to protect user and financial information.
- Optimized app performance, caching, and network handling, improving load times, stability, and user experience.

CERTIFICATIONS

- Full Stack Web Developer – Dreamer Infotech Pvt. Ltd. (2022)
- The Joy of Computing using Python – NPTEL (2021)
- Introduction to Internet of Things – NPTEL (2020)

STRENGTHS

- Strong problem-solving, debugging, and root cause analysis skills
- Experience in performance tuning, memory optimization, and scalable mobile architecture
- Effective team collaboration, mentoring, and cross-functional communication

INTERESTS

- UI/UX optimization, performance engineering, and scalable mobile app development
- Cross-platform mobile development and Agile team leadership
- Continuous learning of modern frameworks, tools, and industry best practices

Language

- English – Full Professional Proficiency
- Hindi – Native Proficiency
